## Mojsije 13. stoljeće prije Krista

Najpopularnije je i najspominjanije ime Starog zavjeta. Osnivač je izraelske religije. Osnovao je kult štovanja u jednog Boga i naredio zakonsku obvezu da se mora štovati samo jedan Bog. Izraelci su vjerovali u više bogova prije Mojsija. Na planini Sinaj sklopio je savez s Bogom u ime svog naroda i primio kamene ploče na kojima je bilo zapisano 10 zapovjedi božjih. Nažalost, ljudi su svojim ponašanjem i životom brzo razbili Mojsijeve ploče i čovječanstvo se vrti u čarobnom krugu svoje nemoći.

Mojsijev odnos prema vodi zapisan je u dlanove biblije, jer je vodio svoj narod u bijeg iz Egipta. Tom prilikom naredio je Crvenom moru da se razdijeli i njegov se narod spasio pošavši prijeko po suhom tlu.

## MOSES (13th century BCE)

The most well-known and frequently mentioned figure in the Old Testament. Founder of the Israelite religion. He established the worship of one God and made it law to worship only Him. Before Moses, Israelites believed in many gods. On Mount Sinai, he made a covenant with God on behalf of his people and received the stone tablets with the Ten Commandments. Sadly, people's behavior quickly shattered the commandments, and humanity continues in a vicious circle of helplessness.

Moses' relationship with water is central to the Bible; he led his people out of Egypt and commanded the Red Sea to part, saving his people by allowing them to cross on dry ground.
