Odisej

Itački kralj. Uz Herakla, Ikara i Tezeja jedan je od najpoznatijih junaka grčkih mitova. Najveću zaslugu za Odisejevu popularnost ima Homer, koji ga je uzdigao do glavnog junaka svoje Odiseje.

Njegova lukavost i smicalice ušle su u običaje svih sredozemnih naroda, a njegova putovanja vodom bila su njegovo veliko prokletstvo i kazna.

ODYSSEUS

King of Ithaca. Alongside Heracles, Icarus, and Theseus, one of the most famous Greek mythological heroes. His fame is largely due to Homer, who made him the central figure in the *Odyssey*.

His cunning and tricks became folklore among Mediterranean peoples. His sea voyages were both his punishment and curse.
